Approvals and Purchasing

Build a strategic software purchasing process

Collaborate with Finance, IT and stakeholders to evaluate, approve, and purchase new applications.

Get Started →

Teams can request the tools they need

Cost, payment terms and reasons are captured

The request is smart routed for assessment

Approved tools are managed with virtual cards

Your team have the tools they need, you have control

Approve new tools and budget changes

Have multiple approvers for larger purchases

Customise, approval thresholds to review what matters

Applications

More applications are waiting New
Find out how you can gain control of more application with Cledara.
